

Instructions for the Cutting Board System

A

Apply Cutting Board to Base

Step 1: Place base on a secure work surface with the four rubber feet contacting the surface as shown. (photo A)

B

Step 2: Grab cutting board with two hands as shown. (photo B)
Lower the **KLEEN BOARDS** logo side of the cutting board onto the base first. (photo C)

C

Step 3: Now, lower the opposite end of the cutting board down to the base and push down on the “lift” icon until you hear it snap into place and locks onto the base for a secure work surface. (photo D).

D

Remove Cutting Board from Base

Step 1: Place thumb on “lift” icon (opposite side of *Kleen Boards* logo) and your four fingers under the gutter. (photo E), Now, pull gutter out and up to disengage cutting board from base and remove.
